## FY'15 Appropriations Report

### **APPROPRIATION CHECKS AND BALANCES**

In Oklahoma, projected revenues are certified by the Board of Equalization. This Board is comprised of the Governor, Lt. Governor, State Auditor and Inspector, Treasurer, Attorney General, Superintendent of Instruction and President of the State Board of Agriculture.

The Oklahoma Constitution, Article X, Sec. 23, requires a balanced budget. Appropriations are limited to 95 percent of projected revenues and cannot exceed 12 percent in growth.

Any revenue collected that exceeds the certified estimate is deposited into the Constitutional Reserve (Rainy Day) Fund until it reaches a Constitutional cap of 15 percent of the prior year's General Revenue Fund actual collections. The Rainy Day Fund can be used under the following conditions:

- 3/8 of the fund can be used if General Revenue fails to meet the estimate in the current fiscal year;
- 3/8 of the fund can be used if General Revenue is projected to decline from one year to the next;
- 1/4 of the fund can be used if there is an emergency declaration by the Governor and a 2/3 vote in both the Senate and House of Representatives, or this same 1/4 can be used without the Governor's declaration if there is a 3/4 vote by Senate and House of Representatives.

The Governor has line item veto authority over all appropriation bills. Vetoes can be overridden by a super-majority vote by both the Senate and House of Representatives.

### **STATE BUDGET CYCLE**

The state fiscal year begins on July 1 and ends on June 30 of the following year. The following is a breakdown of the budget cycle throughout that year.

- **July 1** - The new fiscal year begins.
- **July through October** – Agencies formulate their budget work program. Budget limits may be set by the Legislature in the preceding legislative session. Agencies begin formulating the budget request they will present for the next legislative session. This is a good time for advocacy groups to begin talking with state agencies about funding issues.

- **October 1** – Agencies submit their budget request to the Governor and Legislature for the upcoming fiscal year.
- **November** – Appropriation Subcommittees begin analysis of agency program performance measures and begin filing related reports. No appropriations can be made to an agency until these reports have been filed.
- **December** – The Board of Equalization meets for initial certification of revenues. This is the revenue estimate used for the Governor’s budget. This is the best time for advocacy groups to contact the Governor about program budgets.
- **February** – The Governor submits budget recommendations to the Legislature on the first day of session. The Board of Equalization meets for certification of revenues. This is the revenue estimate the Legislature is bound by constitutionally unless it passes a bill to increase or decrease revenue and that bill is signed by the Governor.
- **February through April** – Supplemental appropriations are considered for the current fiscal year. Subcommittees hold budget hearings for the up-coming fiscal year and move substantive bills with fiscal impacts through the process. This is the best time to talk to the Legislature about budget issues.
- **Late April to May** – The Subcommittees get their budget allocation and convene the General Conference Committee on Appropriations (GCCA). By this time, the Senate and House Appropriation Subcommittees have decided most of what they want to fund, and it is time to work out their differences in conference.
- **May** – The Legislature begins filing appropriation bills. During session, the Governor has 5 days to sign or veto a bill or it becomes law without their signature. If the bill is passed during the last week of session, the Governor has 15 days to sign it or it becomes a pocket veto. Session ends on the last Friday in May.
- **June** – The Board of Equalization meets to certify any changes to certification as a result of legislation that was signed into law and to certify that the Legislature did not exceed its appropriation authority.
- **June 30** – The current fiscal year ends. Agencies submit Budget Work Programs to the Office of State Finance and the process starts over.

***LEGISLATIVE APPROPRIATION AUTHORITY***

The Board of Equalization certifies funds for the Legislature to appropriate and also provides estimates for some of the major agency revolving funds such as the Common Education 1017 Fund. It does not provide estimates for every revolving fund that the Legislature uses for appropriation. Revenues that were included in the Board’s FY’15 certification packet totaled a little over \$7.208 billion. Summaries of the major revenue categories are as follows:

## Authorized Expenditures by Major Category, FY '15

## Total Estimate for General Revenue Fund by Major Category, FY '15

## HB 1017 Fund by Major Category, FY '15

## STATE EXPENDITURES

Seventy-two agencies and REAP received state appropriated dollars in FY'15 totaling \$7,121,723,873; however, due to an opinion issued by the Attorney General, section 144 of SB 2127, the FY '15 General Appropriations bill, was nullified. This section reduced the amount of funds reserved for the Oklahoma Higher Learning Access Program which would have increased the amount of funds going into the General Revenue fund. Due to that section being nullified, OMES reduced all allocations from the GR fund by 0.1219354%. The final amount to state agencies and REAP totals \$7,114,931,341. (See Table 1 (a) in the back).

Of the agencies receiving an appropriation, there were some significant changes. The Office of Educational Quality and Accountability fully absorbed the duties of the Teacher Preparation Commission which caused OCTP to cease to exist. The Department of Consumer Credit became a non-appropriated agency due to HB 2831 of 2010 which allowed the agency to retain a larger portion of fee revenues. The OSU Medical Authority has been assigned to the Health and Human Services subcommittee. Finally, funds originally appropriated to the Workers' Compensation Court are now split between the Workers' Compensation Commission and the Workers' Compensation Court of Existing Claims.

Supplemental appropriations for FY '14 totaled \$110,124,017. Agencies who received a supplemental for FY '14 include the State Election Board, State Ethics Commission, House of Representatives, Oklahoma Health Care Authority, Department of Agriculture, Food, & Forestry, the Conservation Commission, Oklahoma Scenic Rivers Commission, Oklahoma Water Resources Board, the Department of Corrections, and the Long Range Capitol Planning Commission. The common education portion of the Ad Valorem Reimbursement Fund shortfall was reimbursed with a \$25,523,000 appropriation. The following is a table of the top twelve agencies receiving an appropriation for FY '15, after the allocation reduction. This table does not include the \$357.1 million or \$416.8 million apportioned to ODOT's ROADS Fund in FY '14 and FY '15 respectively. The FY'14 amounts include any supplemental an agency received.

## Share of All FY '15 Appropriations by Agency

### APPROPRIATION HISTORY FY'05 TO FY'15

Appropriations for the past ten years have been up and down but with an overall trend to increase. After state revenues began to rebound in 2004, significant gains were made in FY'05 and FY'06. The implementation of major tax reductions beginning in FY'07 and a slowdown in the national economy in FY'08 and FY'09 contributed to more moderate expenditure growth in those years. By early 2009, the state was beginning to feel the effects of the national recession. The Board of Equalization certified a decrease in revenues which necessitated reductions to most state agency budgets. The Legislature and Governor used federal stimulus dollars to backfill those cuts at Common Education, Higher Education and for agencies that receive Medicaid funds. A severe economic downturn in FY'10 led the Office of State Finance to reduce allocations by 7.5%. The following graph depicts the FY'10 - FY'12 budgets with and without these stimulus funds and the final total budget for FY'10 after the OSF cuts. There were no remaining stimulus funds in FY'13. Expenditures for FY '15 are lower than FY '14 due to a significant amount of funds used for FY '14 supplementals.

### RAINY DAY FUNDS

- 6.a *“Up to three-eighths (3/8) of the balance at the beginning of the current fiscal year in the Constitutional Reserve Fund may be appropriated for the forthcoming fiscal year, when the certification by the State Board of Equalization for said forthcoming fiscal year General Revenue Fund is less than that of the current fiscal year certification. In no event shall the amount of monies appropriated from the Constitutional Reserve Fund be in excess of the difference between the two said certifications.”*
- 7. *“Up to three-eighths (3/8) of the balance at the beginning of the current fiscal year in the Constitutional Reserve Fund may be appropriated for the current fiscal year if the State Board of Equalization determines that a revenue failure has occurred with respect to the General Revenue Fund of the State Treasury*
- 8. *“Up to one-quarter (1/4) of the balance at the beginning of the current fiscal year in the Constitutional Reserve Fund may be appropriated, upon a declaration by the Governor that emergency conditions exist, with concurrence of the Legislature by a two-thirds (2/3) vote of the House of Representatives and Senate for the appropriation...”*

**III. GOVERNOR'S VETOES**

**A. HB 2625**

This bill amends the Reading Sufficiency Act. For the 2013-14 and 2014-15 school years only, it allows "probationary promotion" of a third grader who has not demonstrated proficiency on a screening instrument, has not demonstrated proficiency in reading on the criterion-referenced test (CRT) or has not shown proficiency through a reading portfolio and does not qualify for a good cause exemption. Granting of "probationary promotion" is subject to the unanimous recommendation of a "Reading Proficiency Team" comprised of (1) a parent or guardian, (2) a current-year reading teacher, (3) a teacher responsible for reading in the following school year, (4) a school principal, and (5) a certified reading specialist and approval of the superintendent. The team is tasked with reviewing the reading performance of students granted probationary promotion until the student demonstrates grade-level reading proficiency. For students scoring "limited knowledge" on the reading portion of the CRT, it directs school districts to notify parents/guardians and provide them the option of retaining the student in third grade. Otherwise, a student scoring "limited knowledge" would be promoted to fourth grade. It directs a Reading Proficiency Team to develop an intensive remediation plan for students scoring "limited knowledge." The bill also exempts from retention requirements any third grader who demonstrates proficiency in reading on a screening instrument approved by the State Board of Education at any time during the school year. It directs school districts to immediately begin developing a reading portfolio and notify parents/guardians if a third grader is identified as scoring below proficient on a Board-approved screening instrument. It directs school districts to annually report to the Department of Education the number of students promoted to fourth grade by demonstrating proficiency on a screening instrument or scoring "limited knowledge" on the reading portion of the third grade CRT. It directs school districts to report the number of students granted probationary promotion during the 2013-14 and 2014-15 school years. It directs the Department of Education to publicly report on its website the aggregate and district-specific numbers and make such reports available to the governor, House and Senate leaders and the chairs of the education committees.

**B. HB 3170**

This bill exempts from further end-of-instruction tests students who pass Algebra I, English II, Biology I and one other EOI. It clarifies that students may take additional EOIs. It adds reference to students who score equal to or above the cut score on any alternative test approved by the State Board of Education.

#### IV. OTHER ISSUES

- OO. **HB 3173**  
This bill amends the Open Records Act, requiring public bodies to keep confidential all records related to the Teacher and Leader Effectiveness Evaluation System (TLE) that identify current or former public employees and contain any evaluation, observation or other TLE record. It also states that TLE records that identify a current or former employee will not be subject to the Open Records Act. It directs requirements for disclosure to be narrowly construed and that identifying information be removed.
- PP. **HB 3243**  
This bill extends until 2020 the Oklahoma Advisory Council on Indian Education.
- QQ. **HB 3333**  
This bill repeals a section of law related to the Oklahoma Education Council created in 1979.
- RR. **HB 3399**  
This bill directs the State Board of Education, in consultation with the State Regents for Higher Education, the State Board of Career Technology and Education and the Department of Commerce, to adopt revision to the English language arts and mathematics standards by or before August 1, 2016. It removes reference to the Common Core State Standards. It requires the new standards to be evaluated by the State Department of Education, the State Regents for Higher Education, the State Board of Career and Technology Education and the Department of Commerce to ensure they are college and career ready, meaning they address the goals of reducing the need for remedial coursework at the postsecondary level and increasing successful completion of post- secondary education. It provides for the process of standard adoption, including public comment. It directs the State Board of Education to amend or repeal any related administrative rules that may conflict with this bill. It exempts career and technology-related standards from the provisions of this language.

**HB 3399 (cont.)**

Until new standards and assessments are adopted and implemented (or before the 2017- 2018 school year), the bill directs the State Board of Education to use the revisions to the English language arts and math standards that were in place prior to June, 2010 (PASS) and to assess those standards on required tests. It directs the State Board of Education, upon the effective date of the bill, to seek certification from the State Regents that the PASS standards in place prior to June, 2010 are college and career ready as defined by the federal No Child Left Behind waiver documents. It directs the State Board of Education to post all documents related to the certification to its website.

Once new English language arts and math standards are developed, the bill directs the State Board of Education to compare the new standards with those in place previously (Common Core). It directs the State Board of Education to consider public comments, research and best practices. It directs the State Board of Education to submit a report on this comparison to the House speaker, the Senate president pro tem, minority leaders of the House and the Senate and the governor.

This bill exempts the State Board of Education from the Administrative Procedures Act as it relates to adopting subject matter standards. It sets forth a legislative review process to which all subject matter standards and revision are subject. It prohibits standards from being implemented until the review process is complete. It requires the standards to be submitted to the House speaker and Senate president pro tem prior to the last 30 days of session. It requires the Legislature, by joint resolution, to approve the standards, disapprove the standards in whole or in part, amend the standards in whole or in part or disapprove the standards in whole or in part with instructions to the State Board of Education. If the joint resolution is vetoed, the standards are deemed approved, unless the veto is overridden. If a joint resolution is not adopted, the standards are deemed adopted. If the standards are approved, they are to be published in the Oklahoma Administrative Code.

On or before the 2017-18 school year, the bill directs the State Board of Education, in consultation with the State Regents for Higher Education, the State Board of Career and Technology Education and the Department of Commerce, to direct the development of new statewide assessments to align to the new standards.

This bill prohibits the State Board of Education from entering into any agreement, memorandum of understanding or contract with any federal agency or private entity that would cede or limit state control over adoption of standards and assessments. It clarifies that the State Board of Education may seek a waiver from federal law. It allows the State Board of Education to participate in a multistate or multigovernmental cooperative, pursuant to the Oklahoma Central Purchasing Act, as long as the state does not cede control. The bill provides that all standards and assessments shall be solely approved and controlled by the State Board of Education. It clarifies that the state may benchmark standards and assessments with those of other states and nations to allow for comparisons.

This bill directs school districts to develop and implement curriculum, courses and instruction to ensure students meet the subject matter standards adopted by the State Board of Education. It states that school districts shall exclusively determine the instruction, materials, textbooks, etc. that will be used to implement the subject matter standards. It directs school districts to develop policies regarding parents/guardians inspecting instructional materials. It directs the policies to include a procedure for granting a request by a parent or guardian for reasonable access to instructional materials within a reasonable period of time.

This bill allows the State Board of Education to stop or cancel online or computer-based test administration if administration or delivery of the assessment has been or will be disrupted, delayed or cause problems with student participation. It allows the test to be administered by other means.

This bill amends the Reading Sufficiency Act to add retention in prekindergarten for academic reasons as a retention that counts toward eligibility for a good-cause exemption. It also adds a good-cause exemption for students who have been granted an exemption for medical emergencies by the State Department of Education.

This bill provides definitions for "critical thinking" and "standard algorithms". It directs the English language arts standards to give equal weight to classic and nonfiction literature. It exempts from the provisions prohibiting the ceding of authority the State Board of Education as it relates to developing and administering alternate assessments for students with the most significant disabilities. It replaces references to "Priority Academic Student Skills" or "PASS" with "subject matter standards".
