

FY23 Budget Performance Review

Office of Disability Concerns (326)

Lead Administrator: Doug MacMillan

Lead Financial Officer: Doug MacMillan

Agency Mission

The Office of Disability Concerns provides accurate and timely information/referral, technical assistance and advocacy. We act as an intermediary for persons with disabilities and provide services to those with disabilities.

Division and Program Descriptions

01 - Administrative Services

Our mission reaches to a large cross section of Oklahoma's population. As stated in the recent release "Annual Disability Statistics Compendium", Oklahoma has over 990,000 individuals with a disability, which is almost 1 in 5 of the population. This community has a wide range of concerns and may not be aware of what should be expected or what is available. When an individual reaches out to our agency, we work with them to educate, advocate and identify available resources that may help them in their concern. We use our large network of groups, agencies, religious institutions and other community resources. Note that other state agencies are included, but it also contains many times more non-profits and specialty groups. We try to connect with the right resource at the right time. Our mission also expands into outreach and awareness to our state with specialty events.

Our mission falls into 5 major categories

- Technical assistance with all things concerning disability
- Training and awareness to businesses, schools, general public, groups and associations as well as other state agencies
- Client Assistance Program
- Maintain inbound channels to support inquiries over a variety of subjects that may be impacting a person with a disability.
- Maintain an original library of information that includes some excellent practical publications, training material, suggested reading material, Facebook and our website

Certain environmental issues facing the Office of Disability Concerns are that the number of Oklahoma citizens with disabilities will continue to increase.

The Office of Disability Concerns has the following powers and duties: 1.To identify the needs of people with disabilities on a continuing basis and to attempt to meet those needs. 2.To serve as a referral and information source for the people with disabilities seeking services and for agencies seeking assistance in their provision of services. 3.To generate community awareness and support of disability programs. 4.To advise and assist the Governor and the Legislature in developing policies to meet the needs of citizens with disabilities. 5.To assist agencies in complying with federal laws. 6.To enhance employment opportunities for people with disabilities. 7.To provide resources to individuals with disabilities who contact ODC (Office of Disability Concerns) either by phone, fax, web, chat or walk-ins. 8.ODC(Office of Disability Concerns) actively participates in Oklahoma's Workforce system by providing input on issues and identifying opportunities for people with disabilities. 9.Actively work with state employees on the advantages of hiring people with disabilities, assist employers with understanding of ADA issues and promote disability awareness.

10 - Client Assistance Program

The Client Assistance Program (CAP) was established to advise and inform clients, client applicants, and other individuals with disabilities of all the available services and benefits under the Rehabilitation Act of 1973, as amended, and of the services and benefits available to them under Title I of the Americans with Disabilities Act (ADA). Services include advising and informing individuals of their rights in direct connection with programs authorized under the Act, including advocacy services. CAP does not provide financial, housing or medical benefits directly to individuals with disabilities. Agencies designated by the governor to provide CAP services help clients or client applicants pursue concerns they have with programs funded under the Rehabilitation Act. The governor may designate a public or private entity to operate the CAP. CAP provides an avenue for clients of the Department of Rehabilitation Services to appeal the services they receive. CAP provides advocacy with authority to investigate client concerns. The

public with disabilities has redress and by extension a better quality of services in their search to rely on employment rather than a disability payment for their livelihood.

What are the benefits of this program to other agencies: CAP directly benefits DRS by providing quality assurance to its clients with disabilities who are seeking employment. CAO provides assurances to the U.S. Department of Education that employment services within DRS are provided according to policy and federal law. CAP provides an avenue for clients of the Department of Rehabilitation Services to appeal the services they receive. CAP provides advocacy with authority to investigate client concerns. The public with disabilities has redress and by extension a better quality of services in their search to rely on employment rather than a disability payment for their livelihood.
