FY 2026 Budget Performance Review

805 Department of Rehabilitation Services

Version Revision 01 Melinda Fruendt, Director Date submitted 10/31/2024

Kevin Statham, CFO

Agency Mission

The Mission of the Department of Rehabilitation Services is to empower Oklahoman's with disabilities.							
Divi	ision and Program Descriptions						
Note: Please define any acronyms used in program descriptions.							
Vocational Rehabilitation / Services for the Blind and Visually Impaired, Activities 11-36 and 99							
needing support to enter careers of their choice. As a result, thousands reducing their need for disability benefits and social assistance. DVR inc	cy for Oklahomans with disabilities. DVR provides vocational rehabilitation services for individuals whose disabilities were barriers to employment become taxpayers each year, eliminating or ludes three career planning centers, a transition school to work program, Deaf and Hard of habilitation program, and outreach to minority and underserved populations.						
year to help them enter the workforce. In addition to quality employme. Oklahoma Library for the Blind and Physically Handicapped, a Rehabilit	s vocational rehabilitation services to thousands of blind and visually impaired Oklahomans each nt services, DSBVI programs include the Business Enterprise Program (vending facilities), the ation Technology Lab, and Older Blind Independent Living Program, Rehabilitation Teaching am. Consumers enjoy an enhanced quality of life as a result of the multiple services provided by						
Oklahoma Library for the Blind and Physically Handicapp	ad						
Oklahoma Library for the Blind and Physically Handicapped	l is a unit within the Services for the Blind and Visually Impaired Division which provides eriodicals and other materials to blind adults and children, digital recordings of books, ordering						
	priations. The Library may qualify for certain federal grants as they are available. The state is ta funds, which are set aside through the American Printing House for the Blind for eligible chased through Federal Quota funds each school year.						
Oklahoma School for the Blind, Activities 42-43							
The Oklahoma School for the Blind (OSB) is a residential school in Mus through twenty-one. Residential, day and summer school students are se	kogee that offers education options for children who are blind or visually impaired, ages two rved each year. OSB has a residential capacity of 114.						
society. In addition to meeting state curriculum requirements, the follow and Abacus Instruction, Use of Adaptive Equipment, Tactile Graphic Skil	for life-long learning, responsible citizenship and productive employment in an ever-changing ving expanded curriculum is provided to each student at OSB: Daily Living Skills Training; Braille ls, Mobility and Orientation Training; Assistive Technology Training and Low Vision training as per Youth with Visual Impairments organization. OSB provides services to school systems, students						
	h to age twenty-one, in-service training programs and recommendations for adaptations and ovided direct services, consultations and evaluations, contacts of families, contacts with schools,						
Oklahoma School for the Deaf, Activities 52-55 and 95							
	ers educational options for deaf children ages two through twenty-one. The campus occupies a 37 f 154. Residential and day students on campus are served each year, as well as providing two						
Outreach Program							
1 0 0	two to twenty-one, in-service training programs for local school district staff and make iild's educational environment. OSD provides direct services to deaf and hard of hearing students, eaf and hard of hearing organizations.						

Disability Determination Services, Activities 72-74

Disability Determination Services (DDS) provides determination of medical eligibility for Social Security Disability and Supplemental Security Income Programs. Disability examiner staff obtain medical and vocational information on the person applying for disability benefits and decide if the person meets the medical eligibility criteria.

Administration (Support Services), Activities 38 and 82-83

Support Services (SS) provides administrative and programmatic support for the Agency including financial services, human resources, purchasing, contracts, property standards.

Total remaining prior year appropriation bald \$11,514,173

Report appropriations that have existing balances from all prior fiscal years at the 3-digit class fund number (i.e. 193, 194). Do not report carryover class funds seperately. Include appropriations located in disbursing funds. Report PREP, but not ARPA/SRF, appropriations.

What changes did the agency make between FY'24 and FY'25?

1.) Are there any services no longer provided because of budget cuts?

Priority group 1 was opened in February 2023 and Priority group 2 was opened in June 2024. New applicants in Priority Group 3 are placed on a wait list for service through order of selection. Services continue to be provided for existing clients with barriers to employment. **2.) What services are provided at a higher cost to the user?**

DRS is not permitted to cap or limit services needed by current clients in order to reach their employment goals. Instead DRS must control costs, implement state budget reductions and absorb inflationary increases in goods and services by delaying services to new applicants starting with those whose disabilities are determined to be least **3.)** What services are still provided but with a slower response rate?

On February 15, 2023, DRS opened Priority Group 1 and on June 17, 2024 Priority Group 2 was opened. Priority Group 3 remained closed as new applicants were placed on a wait list for services; however, the waiting list continued to be worked. During SFY-2024 there were 3,192 participants removed from the waiting list to receive **4.)** Did the agency provide any pay raises that were not legislatively/statutorily required?

DRS processed the following pay raises this past year: tiered raise of 10%, 15%, or 26% eff 7/1/23 for all positions except contract instructional staff; competitive promotion 20; SWIP conversion 1; equity 14; skill based pay upon receiving CRC certification 13; temp worker rate increase 1; reallocation 3; career progression 84 including 41 for DDS which is federally funded.

Does the agency have any costs associated with the Pathfinder retirement system and federal employees?

The majority of funding for DRS comes from Federal Programs and 67% of the DRS employees are paid utilizing federal funds. Currently, 48% of these employees are subject to the Pathfinder system. Through attrition it is expected that this percentage will only increase. The employer portion paid under account code 513300 to the state's defined benefit plan (OPERS) for employees participating in the state's defined contribution plan (Pathfinder) is anticipated to increase at the agency level from \$1.7 mil in FY24 to \$3.1 mil by FY30 as new employees are hired. Because this is an unallowable expenditure on federal grants, any dollars expended under 513300 cannot be drawn on the Basic Support and Social Security Disability grants and also cannot be used as state match for Basic Support. This requires an equivalent amount of state dollars to cover the expenditure for Basic Support and DDS. Based on hiring trends, anticipated aditional state dollars will be required the following years for Basic Support, DDS, and Support Services: FY26 \$741k; FY27 \$1.07 mil; FY28 \$1.45 mil; FY29 \$1.84 mil, and FY30 \$2.24 mil. In addition, all expenditures for 513300 are excluded from indirect cost recovery resulting in an additional loss of federal dollars and possible increase to future indirect cost retes.

How would the agency be affected by receiving the same appropriation for FY '26 as was received in FY '25? (Flat/ 0% change)

DRS received supplemental appropriations of \$3.1 million for SFY-24, as well as an appropriation increase of \$3.1 million for SFY-25. As a result, DRS was able to avoid a MOE penalty and match available federal funds for FFY-24, and is on track to match available federal funds for FFY-25 as well. However, flat appropriations for SFY-26 would result in forfeiting appx. \$5.2 million in unmatched funds from the FFY-26 grant as well as incurring a maintenance of effort (MOE) penalty of \$1.4 million.

Annually, OSB and OSD are faced with scheduled increases to teacher salaries and do not receive funding from local ad valorem taxes or the State Department of Education funding formula to compensate for these additional costs. Without the annual maintenance funding and information technology increases for both schools, the school's operational budgets would be reduced to provide for the increases in teacher salary.

How would the agency handle a 2% appropriation reduction in FY '26?

Because we must provide a 21.3% funding match to be eligible to receive the 78.7% allotment of federal funds under Basic Support, a 2% loss of state appropriations would result in forfeiting appx. \$6.1 million federal funds and incurring a MOE penalty of \$1.66 million. In addition, OSB and OSD funding would be reduced by a total of \$469k. As a result, the following actions would be taken:

1 Holding and/or elimination of vacancies 2 Reduction in travel, supplies, printing, and equipment

3 Reduction in client services

Is the agency seeking any fee increases for FY '26?

Federal Government Impact

1.) How much federal money received by the agency is tied to a mandate by the Federal Government? The money received for Basic Support is part of an entitlement grant that supports the activities of the 1973 Rehabilitation Act reauthorized as the Workforce Innovation and Opportunity Act. The level of support provided to the State of Oklahoma is 78.7% with a 21.3% State match. Funds supporting the Independent Living and Independent Living for the Older Blind are provided at a level of 90% with a 10% State match. Supported Employment funds are provided to serve the most severely disabled, with a 10% state match required on 50% of the award set aside for youth.

The Social Security Administration utilizes a Designated State Unit to adjudicate disability claims. The Department of Rehabilitation Services is the DSU for the SSA and the federal funding level is 100%.

2.) Are any of those funds inadequate to pay for the federal mandate?

SSA funds DRS's Disability Determination Services based on caseload work. The funding from SSA is adequate. As for Basic Support, Independent Living, Independent Living for the Older Blind, and Supported Employment, the funding is not adequate. According to the latest census data, there are 685,933 Oklahomans with disabilities. When all priority groups are open, DRS is able to serve about 18,000 cases for the year; however, that number decreases when order of selection is in place.

3.) What would the consequences be of ending all of the federal funded programs for your agency?

Individuals with disabilities would not receive services provided by DRS. The scope of services includes the daily support provided through the social security disability insurance program and the training or re-training to become employed. Either program provides vital services to support and restore individual's lives as they work to overcome any limitation as a result of their disability.

4.) How will your agency be affected by federal budget cuts in the coming fiscal year?

The ratio of available funding is \$4 federal dollars to every \$1 dollar of state matching funds. Federal funds from the Basic Support (Title I) grant through U.S. Dept of Ed. are contingent upon the State of Oklahoma providing the minimum 21.3% funding match to be eligible to receive the full 78.7% allotment of federal funding. Increased funding maximizes services to Oklahomans with disabilities, enhancing their opportunity to become self-sufficient through working and becoming independent in their homes and communities. This means more Oklahomans can terminate their dependence on state and federal programs and move toward becoming taxpayers, which positively impacts the stability of the Oklahoma economy. DRS received supplemental appropriations of \$3.1 million for SFY-24, as well as an appropriation increase of \$3.1 million for SFY-25. As a result, DRS was able to avoid a MOE penalty and match available federal funds for FFY-24, and will be able to match available federal funds for FFY-25 as well. The \$1.4 million request for SFY-2026 would prevent the State of Oklahoma from incurring a MOE penalty and forfeiting federal funds from the FFY-26 grant.

5.) Has the agency requested any additional federal earmarks or increases?

The agency has not applied for additional federal dollars.
