Agency Mission

The mission of the OHCA is to responsibly purchase state and federally-funded health care in the most efficient and comprehensive manner possible; to analyze and recommend strategies for optimizing the accessibility and quality of health care; and, to cultivate relationships to improve the health outcomes of Oklahomans.

Division and Program Descriptions

Note: Please define any acronyms used in program descriptions.

Division 20 - SoonerCare (Oklahoma Medicaid Program)

Medicaid serves as the nation's primary source of health insurance for low-income individuals. Oklahoma's Medicaid program, commonly known as SoonerCare, is a federal and state health coverage program that provides medical benefits to low income individuals who are uninsured or under-insured. Medicaid guarantees coverage for basic health and long-term care services based upon specific eligibility guidelines. These categories of eligibility include the aged, blind and disabled (ABD); families qualifying under federal Temporary Assistance to Needy Families (TANF) guidelines; Expansion adults; qualified Medicare beneficiaries; children served through the Tax Equity and Fiscal Responsibility Act (TEFRA); women with breast and cervical cancer; and other qualifying children and pregnant women. State Medicaid programs are funded with both federal and state dollars and in accordance with a federally-approved State Plan. To receive federal dollars, the state must agree to cover "mandatory groups" and offer a minimum set of services referred to as "mandatory benefits." States can also receive federal funds for "optional" groups of individuals and benefits. A detailed summary of the categorical eligibility standards as well as mandatory and optional benefits provided in Oklahoma can be found in the OHCA Annual Report. In SFY 2024, the OHCA launched SoonerSelect, a new health care delivery system organized to manage cost, utilization, and quality. SoonerSelect provides for the delivery of Medicaid health benefits and additional services through contracted arrangements between the OHCA and managed care organizations (MCOs) that accept a set per member per month (capitation) payment. Through this program, most SoonerCare members will receive their health care services coverage through health and dental plans. A health or dental plan is an organization that provides health care services through a network (group) of doctors, dentists, pharmacists, mental health professionals and other service providers. Eligible Members have the option to choose between three health plans and two dental plans: Aetna Better Health of Oklahoma, Humana Healthy Horizons of Oklahoma, Oklahoma Complete Health, DentaQuest or LIBERTY Dental. In SFY 2024, the OHCA contracted with approximately 85,744 medical and dental providers to provide Medical services to more than 1.5 million SoonerCare members.

Division 40 - Insure Oklahoma (Premium Assistance Program)

Employee Sponsored Insurance (ESI) is a program operated under Insure Oklahoma that provides premium assistance to eligible employees of qualifying Oklahoma small businesses who offer insurance coverage. Eligibility criteria for employees includes: household income that does not exceed 227 percent of the FPL; Oklahoma residency; US citizenship or legal resident status.

Divisions 10,30,50,88 - Administrative Operations

Administrative Operations comprises of the direct and indirect operating expenses associated with the delivery, management and fiscal oversight of the Medicaid program for the State of Oklahoma. It includes personnel costs and vendor contract costs with public and private entities to acquire professional services that support the administrative and program operations. Services include but are not limited to; compliance, evaluation, legal, technical, case management, health outcome improvement initiatives and professional medical review, which are essential in ensuring the success of the SoonerCare program and delivery of service to members.

Division 80 - EGD Administrative Operations

EGD fund supports the administrative expenses of the State Health and Life Insurance Plan, HealthChoice, including all personnel costs and vendor contracts costs with public and private entities to acquire professional services that support the program operations. Services include but are not limited to; actuarial, compliance, claims administration for Health, Dental, Life and Disability plans as outlined by statute, finance, investment consulting and management, legal, pharmacy services and technology.

What changes did the agency make between FY'24 and FY'25?

1.) Are there any services no longer provided because of budget cuts?

No

2.) What services are provided at a higher cost to the user?

None

3.) What services are still provided but with a slower response rate? Call center response times have increased due to an increase in call volume resulting from the public health emergency (PHE) unwind and an increase of 250K additional member verifications from the expansion population.

4.) Did the agency provide any pay raises that were not legislatively/statutorily required? Yes

Does the agency have any costs associated with the Pathfinder retirement system and federal employees?
Yes. The agency is charged 16.5% by OPERS for all employees, however, we are only allowed to claim the federal matching dollars for the actual cost associated with the pathfinder retirement plan of 7%.

How would the agency be affected by receiving the same appropriation for FY '26 as was received in FY '25? (Flat/ 0% change)
The agency estimates it will need an additional \$107 million to maintain the program, not enhance the program. A flat appropriation would necessitate reductions in benefits or programs and/or reductions in reimbursement rates. The rate preservation fund (236) was created to protect against provider rate reductions so a flat appropriation may trigger the need to access one-time funds.

How would the agency handle a 2% appropriation reduction in FY '26?
The agency estimates it will need an additional \$107 million to maintain the program, not enhance the program. A 2% appropriation reduction would necessitate reductions in benefits or programs and/or reductions in reimbursement rates. The rate preservation fund (236) was created to protect against provider rate reductions so a 2% appropriation reduction may trigger the need to access one-time funds.

Federal Government Impact

1.) How much federal money received by the agency is tied to a mandate by the Federal Government?
100% - State participation in Medicaid is optional; however, if a state chooses to participate it must adhere to all federal mandates and requirements associated with the federally funded program which includes an approved State plan. The federal government guarantees matching funds to states for qualifying Medicaid expenditures. States are guaranteed at minimum \$1 in federal matching funds for every \$1 in state spending.

2.) Are any of those funds inadequate to pay for the federal mandate?
State matching funds are required to receive federal financial participation for the Medicaid program, thus, federal funds are not adequate.

3.) What would the consequences be of ending all of the federal funded programs for your agency?
In FY 2024, federal funds accounted for approximately 69% of the total estimated resources needed to provide health care to nearly 1.5 million Oklahomans. Ending the federally funded program would require significant state investment or elimination of the Medicaid and CHIP program; negatively impacting Oklahoma's economy, healthcare delivery system/network, and the health of Oklahomans. Opting out of participating with the federal government would shift the cost entirely to the state placing a strain on the states' resources necessary to maintain and operate the Medicaid program.

4.) How will your agency be affected by federal budget cuts in the coming fiscal year?
Under current federal law, Medicaid is an entitlement program and federal financial participation is tied to state expenditures; thus, no direct impact is anticipated. However, the federal matching percentage (FMAP) determines the federal share of the cost of Medicaid services in each state and changes annually. The FMAP is calculated using a formula set forth in the federal Medicaid statute and is based on a three-year rolling average of the state's per capita income relative to the national average. The lower the state's per capita income, the higher the state's FMAP. The risk associated with FMAP is the lag in data used in the calculation. A state's FMAP does not always correspond with the current state of its economic climate. A reduction in FMAP results in a decrease in federal matching dollars, thus requiring additional state resources or reductions in the Medicaid budget (as shown in the current budget request).

5.) Has the agency requested any additional federal earmarks or increases?
No.

Revolving Funds (200 Series Funds)			
	FY'22-24 Avg. Revenues	FY'22-24 Avg. Expenditures	June '24 Balance
200 - Administrative Disbursing Fund			
Fund 200 is utilized for tracking (federal/state) revenues and expenditures for OHCA's administrative costs (except Insure Oklahoma Program administrative costs disbursed thru Fund 245-HEEIA). Funds from this account are transferred out only in the event of a federal deferral or disallowance to Fund 240 (Federal Deferral Fund). Remaining fund balances are carried forward to the next fiscal year.	\$175,754,398	\$167,461,720	\$71,724,359
205 - Supplemental Hospital Offset Payment Program (SHOPP)			
Fund 205 is utilized to track the revenues for SHOPP assessment fees, penalties and interest. Transfers from this account were stipulated initially in House Bill 1381 and later amended most recently in 2022 SB 1396. As of 1/1/14, SHOPP expenditures are processed through Fund 340.	\$268,746,094	\$0	\$6,179,367
230 - Quality of Care Fee (QOC)			
Fund 230 is utilized to track revenues for Quality of Care assessment fees, penalties and interest. Expenditures for this fund are processed through Fund 340 and were directed in House Bill 2019 to be used for enhancements to specific Medicaid program rates of pay which include the daily rate for Nursing Facilities, ICFs/MR facilities, Nursing Facility residents eyeglasses and dentures, personal needs allowance increases, etc.	\$91,544,364	\$0	\$15,275
236 - Rate Preservation Fund			
Fund 236 was authorized in HB2767 to appropriate monies for the sole purpose of maintaining reimbursement rates to providers should the state experience a reduction in the Federal Matching Assistance Percentage (FMAP) which would otherwise result in implementation of reimbursement rate decreases.	\$172,271,608	\$0	\$495,678,835
240 - Federal Deferral Fund			
Fund 240 is utilized to reserve and track monies received for anticipated repayment of a federal deferral or disallowance and interest. All monies accruing to the credit of said fund may be budgeted and expended by the OHCA at the discretion of the Oklahoma Health Care Authority Board for eventual settlement of the appropriate pending disallowances. If utilizing these funds, OHCA would budget and transfer to the appropriate disbursing Fund 200 or 340.	\$16,489,111	\$0	\$18,456,928

245 - Health Employee and Economy Improvement Act (HEEIA)			
Apportioned tobacco tax collections. Fund 245 is utilized to track revenues for tobacco tax collections, federal draws and interest income. Expenditures for this fund are for the Insure Oklahoma Employee Sponsored Insurance (ESI) program and related administrative costs. The revenues generated from this fund also provide the state share for Medicaid program expenditures as amended in 2020 SB1073 which are disbursed through Fund 340.	\$65,756,690	\$40,567,852	\$1,411,645
250 - Belle Maxine Hilliard Breast & Cervical Cancer Treatment Fund			
Apportioned tobacco tax collections. Revenues are transferred to Fund 340 for Medicaid program expenditures for purposes specified in the Oklahoma Breast and Cervical Act, establishing a new Oklahoma Medicaid eligibility group.	\$701,651	\$0	\$0
255 - Medicaid Program Fund			
Apportioned tobacco tax collections. Revenues are transferred to Fund 340 for Medicaid program expenditures to support hospital rates, increase in number of physicians visits allowed, increase in emergency physician rates, enhanced drug benefits, dental services, etc.	\$42,044,943	\$0	\$0
256 - ITU Shared Savings Fund			
Fund 256 was created to maximize and direct the reinvestment of any savings to the Oklahoma Health Care Authority generated by enhanced federal matching authorized under Section 1905(b) of the Social Security Act at a rate of one hundred percent (100%) for covered services received through participating Indian Health Service, Tribal and Urban Indian (I/T/U) facilities. The OHCA shall distribute up to fifty percent (50%) of any savings that result from the I/T/U Shared Savings Program provided for in this section to participating I/T/U facilities that have complied with the terms of this act and applicable federal law, but only after administrative costs incurred by the Authority in implementing the I/T/U Shared Savings Program have been fully satisfied. Distributions to participating I/T/U facilities shall be used to increase care coordination and to support health care initiatives for AI/AN populations. The OHCA shall deposit any shared savings that remain after administrative costs have been fully paid, and after distributions have been made to participating I/T/U facilities, into the I/T/U Shared Savings Revolving Fund for the purpose of increasing Medicaid provider rates. Monies in the fund shall not be used to replace other general revenues appropriated and funded by the Legislature or other revenues used to support Medicaid.	N/A	\$0	\$0
270 - Ambulance Service Provider Access Payment Program (ASPAPP) assessment fees			
Fund 270 is utilized to track the revenues for Ambulance Service Provider Access Payment Program (ASPAPP) assessment fees, penalties and interest. Transfers from this account were stipulated initially in House Bill 2950 to be codified in Section 3242.5 of Title 63. ASPAPP expenditures are processed through Fund 340.	\$4,220,907	\$0	\$0
275 - Insurance Premium Tax			
Fund 270 is a revolving fund utilized for the collection of premium taxes from contracted entities. The "Medicaid Health Improvement Revolving Fund" shall be a continuing fund, not subject to fiscal year limitations, and shall consist of all monies received from the premium tax levied on contracted entities under paragraph 2 of subsection A of Section 624 of Title 36 of the Oklahoma Statutes and such other funds as may be provided by law. All monies accruing to the credit of the fund are hereby appropriated and may be budgeted and expended by the Authority for the following purposes: 1. To supplement the state Medicaid program; 2. To supplement the Supplemental Hospital Offset Payment Program; and 3. To supplement the Rate Preservation Fund created in Section 5020A of Title 63 of the Oklahoma Statutes. Expenditures from the fund shall be made upon warrants issued by the State Treasurer against claims filed as prescribed by law with the Director of the Office of Management and Enterprise Services for approval and payment. 340 - Medicaid Program Fund - Continuing Fund			
Fund 340 is the Medicaid program disbursing fund utilized to track revenues and expenditures for OHCA's program costs. Expenditures for this fund are paid through the Medicaid Management Information System (MMIS). The MMIS is an integrated group of procedures and computer processing operations (subsystems) developed to mechanize claims processing and information retrieval systems as identified in section 1903(a)(3) of the Act and defined in regulation at 42 CFR 433.111. The MMIS system must meet federal mandated requirements including HIPAA compliance. The MMIS claims are processed and uploaded to the State Treasurer. Expenditures are posted in mass to PeopleSoft.	\$9,109,416,785	\$9,293,623,984	\$246,827,152
