

FY23 Budget Performance Review
Department of Rehabilitation Services (805)

Melinda Freundt, Director

Kevin Statham, CFO

Agency Mission

The Mission of the Department of Rehabilitation Services is to empower Oklahoman's with disabilities.

Division and Program Descriptions

Vocational Rehabilitation / Services for the Blind and Visually Impaired, Activities 11-36

The Division of Vocational Rehabilitation (DVR) is the employment agency for Oklahomans with disabilities. DVR provides vocational rehabilitation services for individuals needing support to enter careers of their choice. As a result, thousands whose disabilities were barriers to employment become taxpayers each year, eliminating or reducing their need for disability benefits and social assistance. DVR includes three career planning centers, a transition school to work program, Deaf and Hard of Hearing Program, coordination with the American Indian Vocational Rehabilitation program, and outreach to minority and underserved populations.

The Division of Services for the Blind and Visually Impaired (DSBVI) offers vocational rehabilitation services to thousands of blind and visually impaired Oklahomans each year to help them enter the workforce. In addition to quality employment services, DSBVI programs include the Business Enterprise Program (vending facilities), the Oklahoma Library for the Blind and Physically Handicapped, a Rehabilitation Technology Lab, and Older Blind Independent Living Program, Rehabilitation Teaching Services for the visually impaired, and a transition school to work program. Consumers enjoy an enhanced quality of life as a result of the multiple services provided by this division.

Oklahoma Library for the Blind and Physically Handicapped

Oklahoma Library for the Blind and Physically Handicapped is a unit within the Services for the Blind and Visually Impaired Division which provides circulation of books on tape, Braille and large print books, periodicals and other materials to blind adults and children, digital recordings of books, ordering and circulating Braille textbooks and educational materials to blind and visually impaired children in public schools.

Library operations are primarily funded through state appropriations. The Library may qualify for certain federal grants as they are available. The state is eligible for money for Braille textbooks through Federal Quota funds, which are set aside through the American Printing House for the Blind for eligible students. Hundreds of children are eligible for textbooks purchased through Federal Quota funds each school year.

Oklahoma School for the Blind, Activities 42-43

The Oklahoma School for the Blind (OSB) is a residential school in Muskogee that offers education options for children who are blind or visually impaired, ages two through twenty-one. Residential, day and summer school students are served each year. OSB has a residential capacity of 114.

OSB provides an educational program to assist students to be equipped for life-long learning, responsible citizenship and productive employment in an ever-changing society. In addition to meeting state curriculum requirements, the following expanded curriculum is provided to each student at OSB: Daily Living Skills Training; Braille and Abacus Instruction, Use of Adaptive Equipment, Tactile Graphic Skills, Mobility and Orientation Training; Assistive Technology Training and Low Vision training as per requirements of the National Agenda for the Education of Children and Youth with Visual Impairments organization. OSB provides services to school systems, students and families in many Oklahoma counties.

Outreach Program

Outreach services provided evaluations to children from birth to age twenty-one, in-service training programs and recommendations for adaptations and modifications to the child's educational environment. OSB provided direct services, consultations and evaluations, contacts of families, contacts with schools, and contacts with organizations.

Oklahoma School for the Deaf, Activities 52-55 and 95

The Oklahoma School for the Deaf (OSD) is a residential school that offers educational options for deaf children ages two through twenty-one. The campus occupies a 37 1/2 acre site in Sulphur, Oklahoma and includes a residential capacity of 154. Residential and day students on campus are served each year, as well as providing two satellite preschool programs.

Outreach Program

Outreach services provide evaluations to children from age two to twenty-one, in-service training programs for local school district staff and make recommendations for adaptations and modifications to the child's educational environment. OSD provides direct services to deaf or hearing-impaired students, evaluation services, contacts of families, and contacts with hearing-impaired organizations.

Disability Determination Services, Activities 72-74

Disability Determination Services (DDS) provides determination of medical eligibility for Social Security Disability and Supplemental Security Income Programs. Disability examiner staff obtain medical and vocational information on the person applying for disability benefits and decide if the person meets the medical eligibility criteria.

Administration (Support Services), Activities 38 and 82-83

Support Services (SS) provides administrative and programmatic support for the Agency including financial services, human resources, purchasing, contracts, property standards.

What changes did the agency make between FY'21 and FY'22?

- 1.) Are there any services no longer provided because of budget cuts?**
Services continue to be provided for existing clients with barriers to employment. Through order of selection, new applicants are placed on a wait list for services.
- 2.) What services are provided at a higher cost to the user?**
DRS is not permitted to cap or limit services needed by current clients in order to reach their employment goals. Instead DRS must control costs, implement state budget reductions and absorb inflationary increases in goods and services by delaying services to new applicants starting with those whose disabilities are determined to be least significant.
- 3.) What services are still provided but with a slower response rate?**
All priority groups remained closed during SFY-21 as new applicants were placed on a wait list for services; however, the waiting list continued to be worked. During SFY-2021 there were 3,571 participants removed from the waiting list to receive services.
- 4.) Did the agency provide any pay raises that were not legislatively/statutorily required?**
DRS processed the following pay raises this past year: competitive promotion 21, skill based pay upon receiving CRC certification 9, unclassified appointments/adjustments 15; equity 22; market adjustment 2; reallocation 4; career progression 55 including 15 for DDS which is federally funded; and intra-agency transfer 1.

FY'23 Top Five Operational Appropriation Funding Requests

Request by Priority	Request Description	Appropriation Request Amount (\$)
Request 1:	OSB - Annual Maintenance Request	\$406,000
Request 2:	OSD - Annual Maintenance Request	\$613,000
Request 3:	DVR/DSBVI - Maintain necessary state match and maintenance of effort funding	\$2,500,000
Request 4:	DVR/DSBVI - State funding to offset the federal unallowable portion of Pathfinder	\$555,000
Request 5:	DDS - State funding to offset the federal unallowable portion of Pathfinder	\$775,000
Top Five Request Subtotal:		\$4,849,000
Total Increase above FY-21 Budget (including all requests)		\$ 4,849,000
Difference between Top Five requests and total requests:		\$0

Does the agency have any costs associated with the Pathfinder retirement system and federal employees?

The majority of funding for DRS comes from Federal Programs and 69% of the DRS employees are paid utilizing federal funds. Currently, 32% of these employees are subject to the Pathfinder system. Through attrition it is expected that this percentage will only increase. The employer portion paid under account code 513300 to the state's defined benefit plan (OPERS) for employees participating in the state's defined contribution plan (Pathfinder) is anticipated to increase at the agency level from \$970k in FY21 to \$2.3 mil by FY26 as new employees are hired. Because this is an unallowable expenditure on federal grants, any dollars expended under 513300 cannot be drawn on the Basic Support and Social Security Disability grants and also cannot be used as state match for Basic Support. This requires an equivalent amount of state dollars to cover the expenditure for Basic Support and DDS. Based on hiring trends, anticipated additional state dollars will be required the following years for both Basic Support and DDS: FY23 \$1.330 mil; FY24 \$1.476 mil; FY25 \$1.622 mil; and FY26 \$1.767 mil. In addition, all expenditures for 513300 are excluded from indirect cost recovery resulting in an additional loss of federal dollars and possible increase to future indirect cost rates.

How would the agency be affected by receiving the same appropriation for FY '23 as was received in FY '22? (Flat/ 0% change)

DRS's SFY-21 and SFY-22 state appropriations decreased (\$1,434,097) or (3.95%) compared to SFY-20. As a result, DRS forfeited \$5.7 million in unmatched funds from the FFY-2020 grant, \$6.6 million from the FFY-2021 grant, will forfeit \$8.5 million in unmatched funds from the FFY-2022 grant as well as incur a maintenance of effort (MOE) penalty, and is estimated to forfeit \$8.7 million in unmatched funds from the FFY-2023 grant as well as incur a MOE penalty.

Annually, OSB and OSD are faced with scheduled increases to teacher salaries and do not receive funding from local ad valorem taxes or the State Department of Education funding formula to compensate for these additional costs. Without the annual maintenance funding and information technology increases for both schools, the school's operational budgets would be reduced to provide for the increases in teacher salary.

How would the agency handle a 2% appropriation reduction in FY '23?

Because we must provide a 21.3% funding match to be eligible to receive the 78.7% allotment of federal funds under Basic Support, a 2% loss of state appropriations would result in forfeiting appx. \$9.3 million federal funds and incurring a maintenance of effort (MOE) penalty of appx. \$853k. In addition, OSB and OSD funding would be reduced by a total of \$396k. As a result, the following actions would be taken:

- 1 Holding and/or elimination of vacancies
- 2 Reduction in travel, supplies, printing, and equipment
- 3 Reduction in client services

Is the agency seeking any fee increases for FY '23?

	Fee Increase Request (\$)	Statutory change required? (Yes/No)
Increase 1	No fees increases are anticipated	
Increase 2		
Increase 3		

What are the agency's top 2-3 capital or technology (one-time) requests, if applicable?

Description of request in order of priority	Appropriated Amount (\$)	Submitted to LRPC? (Yes/No)	
Priority 1	OSB - New Cafeteria	\$5,880,831	Yes
Priority 2	OSB - Auditorium Remodel	\$795,271	Yes
Priority 3	OSB - Boys Dormitory Remodel	\$529,200	Yes

Federal Government Impact

1.) How much federal money received by the agency is tied to a mandate by the Federal Government?
The money received for Basic Support is part of an entitlement grant that supports the activities of the 1973 Rehabilitation Act reauthorized as the Workforce Innovation and Opportunity Act. The level of support provided to the State of Oklahoma is 78.7% with a 21.3% State match. Funds supporting the Independent Living and Independent Living for the Older Blind are provided at a level of 90% with a 10% State match. Supported Employment funds are provided to serve the most severely disabled, with a 10% state match required on 50% of the award set aside for youth. The Social Security Administration utilizes a Designated State Unit to adjudicate disability claims. The Department of Rehabilitation Services is the DSU for the SSA and the federal funding level is 100%.
2.) Are any of those funds inadequate to pay for the federal mandate?
SSA funds DRS's Disability Determination Services based on caseload work. The funding from SSA is adequate. As for Basic Support, Independent Living, Independent Living for the Older Blind, and Supported Employment, the funding is not adequate. According to the latest census data, there are 622,449 Oklahomans with disabilities. When all priority groups are open, DRS is able to serve about 18,000 cases for the year; however, that number decreases when order of selection is in place.
3.) What would the consequences be of ending all of the federal funded programs for your agency?
Individuals with disabilities would not receive services provided by DRS. The scope of services includes the daily support provided through the social security disability insurance program and the training or re-training to become employed. Either program provides vital services to support and restore individual's lives as they work to overcome any limitation as a result of their disability.
4.) How will your agency be affected by federal budget cuts in the coming fiscal year?
The ratio of available funding is \$4 federal dollars to every \$1 dollar of state matching funds. Federal funds from the Basic Support (Title I) grant through U.S. Dept of Ed. are contingent upon the State of Oklahoma providing the minimum 21.3% funding match to be eligible to receive the full 78.7% allotment of federal funding. Increased funding maximizes services to Oklahomans with disabilities, enhancing their opportunity to become self-sufficient through working and becoming independent in their homes and communities. This means more Oklahomans can terminate their dependence on state and federal programs and move toward becoming taxpayers, which positively impacts the stability of the Oklahoma economy. As a result of the 3.95% appropriation reduction in SFY-21, Oklahoma forfeited \$5.7 million in unmatched funds from the FFY-2020 grant, \$6.6 million from the FFY-2021 grant, and will forfeit \$8.5 million in unmatched funds from the FFY-2022 grant as well as incur a maintenance of effort (MOE) penalty. The requested \$2.5 million in VR/SBVI would prevent the State of Oklahoma from forfeiting additional federal funds from the 2023 grant.
5.) Has the agency requested any additional federal earmarks or increases?
The agency has not applied for additional federal dollars.
