Agency Mission

It is the mission of the Oklahoma Attorney General to protect and defend the interests of Oklahomans and the State of Oklahoma by acting with excellence as its chief legal officer.

Division and Program Descriptions

Note: Please define any acronyms used in program descriptions.

1000001-Administration

Administration is primarily responsible for agency management and direction. Administration is responsible for setting the agency mission and goals and performance measures needed to obtain that mission. Administration also houses the centralized functions of the agency essential to all other units and sections. This program also establishes the direction the agency will go in reaching out to the citizens of Oklahoma. Administration plans on continuing the identification and implementation of new legal solutions to persistent problems and looking for innovative ways to maintain employee morale and work product.

1500001-Office of Solicitor General

The Office of Solicitor General represents the State in defense of the constitutionality of State laws and in appeals on these and other issues of public importance at the highest level (including the Oklahoma and United States Supreme Courts). The Solicitor General also plays a key role in representing the State on the national stage, engaging in interactions with and litigation against the federal government and other States.

1500002-Reserved Powers Protection

The Reserved Powers Protection Unit, under the direction of the Solicitor General, monitors and evaluates any action by the federal government including, but not limited to, executive orders by the President of the United States, rules or regulations promulgated by an agency of the federal government or acts of Congress to determine if such actions are in violation of the Tenth Amendment to the Constitution of the United States.

2500002-Criminal Appeals

The primary purpose of the Criminal Appeals Unit is to preserve convictions of the guilty and to ensure the punishments rendered by trial courts and/or juries are carried out. Criminal Appeals accomplishes this purpose by filing quality briefs and/or responses in the courts and providing oral arguments of the highest caliber to claims seeking reversal of convictions in state and federal courts.

2500003-Consumer Protection

Through its Consumer Protection Unit, the Oklahoma Attorney General is committed to combating consumer scams and fraud. To achieve this goal, the Consumer Protection Unit assists consumers through community outreach and education programs; intake and investigation of consumer complaints; and initiating prosecutorial action, when necessary, against those engaged in illegal, deceptive, fraudulent, or unfair advertising or sales practices. Throughout the year, Consumer Protection attorneys, investigators, and staff participate in community events to educate Oklahomans on subjects ranging from government imposter scams and cyber threats to avoiding fraud in the wake of weather-related disasters. In addition, the Consumer Protection Unit annually sponsors the Attorney General's Consumer Protection Day, which unites representatives from many state and federal agencies to directly engage with consumers and provide informational materials regarding the dangers of consumer fraud. The Consumer Protection Unit manages thousands of consumer complaints, and as a result, tens of thousands of dollars are returned to consumers every year. The Consumer Protection Unit is responsible for the enforcement of numerous state and federal laws that protect consumers against deceptive, unfair and fraudulent business practices. In addition, the Consumer Protection Unit is charged with enforcing various laws that regulate charitable giving within the state. Through these laws, the unit ensures that charitable organizations are engaging in proper solicitations and that the intent of charitable donors is honored by reviewing and enforcing restrictions on charitable gifts and trusts.

2500004-Conservation Unit

The Conservation Unit protects the people and the environment of Oklahoma by providing legal counsel and guidance to state offices and agencies and by bringing litigation on behalf of the state. The Conservation Unit serves as general counsel to the Environmental Quality Board and provides legal assistance to the Secretary of Energy and Environment, who is the state's natural resources trustee.

2500005-Utilities Regulation

The purpose of the Utilities Regulation Unit is to carry out the Oklahoma Attorney General's duty "[t]o represent and protect the collective interests of all utility consumers of this state in rate-related proceedings before the Corporation Commission or in any other state or federal judicial or administrative proceeding." The Utility Regulation Unit seeks to accomplish this purpose by fully and consistently advancing positions on utility customers' behalf in state and federal proceedings. To this end, the Utility Regulation Unit also monitors legal and regulatory developments, participates in rulemakings, and participates in legislative and working group initiatives related to Oklahoma public utilities.

2500006-Litigation

The primary purpose of the Litigation Unit is to defend the State, its agencies, officers and employees in lawsuits filed against them in all state and federal courts. With regard to officers and employees, the Litigation Unit defends individuals who have been sued for performing acts in the course and scope of their employment, which includes lawsuits ranging from a car accident to a class action. The Litigation Unit aspires to provide quality legal representation to all of our clients and to assist our clients in determining how to best respond to lawsuits.

2500007-Legal Counsel

Legal Counsel assists 136 state officials, agencies, boards, and commissions by providing objective, responsive legal counsel, using comprehensive and specialized expertise. In addition, Legal Counsel reviews all bond issues on behalf of the Oklahoma Attorney General, as an Ex Officio Bond Commissioner for the State of Oklahoma, to ensure they are in compliance with the Constitution and the laws of the State of Oklahoma.

2500009-Tobacco Enforcement

As part of the Master Settlement Agreement, Oklahoma was required to enact a Qualifying Statute, the purpose of which included effectively and fully neutralizing the cost disadvantages the Participating Manufacturers experience vis-a-vis Non-Participating Manufacturers who have not joined the Master Settlement Agreement. In essence, manufacturers that did not join the Master Settlement Agreement were required to deposit money into an escrow account for each cigarette sold in Oklahoma in an amount equivalent to what they would have paid if they had joined the Master Settlement Agreement. If, during a calendar year, a Qualifying Statute failed to be in full force and effect or to diligently enforce its Qualifying Statute, the State could lose its entire Master Settlement Agreement payment for that year. Thus, the Qualifying Statute requires Oklahoma to identify the non-participating manufacturers selling in Oklahoma and the number of non-participating manufacturers' cigarettes sold in the State. In addition, the Escrow Statute requires the Oklahoma Attorney General file court complaints seeking compliance from those non-participating manufacturers that failed to fund or fully fund an escrow account. Complementary legislation that increased remedies available against non-conforming non-participating manufacturers and eliminated the allocable share release provision was enacted in Oklahoma in 2004 and became effective in January 2005. Statutory changes were made to the Complementary Act to protect Oklahoma's future Master Settlement Agreement payments and increase staffing of the Tobacco Enforcement Unit. All tobacco product wholesalers and a substantial number of retailers located in Oklahoma are audited and inspected annually.

2500010-Civil Rights Enforcement

The Office of Civil Rights Enforcement serves Oklahoma citizens by educating and providing educational resources to the public regarding anti-discrimination rights and responsibilities; enforcing

Does the agency have any costs associated with the Pathfinder retirement system and federal employees?

The Office of Attorney General received federal approval to fund the Pathfinder benefit for employees fully or partially funded through the Medicaid Fraud Control federal grant funds.

How would the agency be affected by receiving the same appropriation for FY '24 as was received in FY '23? (Flat/ 0% change)

The Office of Attorney General is requesting an additional \$500,000 in general appropriations for fiscal year 2024 related to the creation of a new Cyber Security and Consumer Information Protection Unit. The Office of Attorney General currently receives \$10mm annually as may be necessary for federal overreach and would request this funding stream be partially released to a general appropriation and made available to cover the Request 1 above. This would in turn hold the Office of Attorney General at a "Flat" budget request for FY24. With this requested change, a flat appropriation would provide for continued competitive staffing to support the duties of the Office of Attorney General and the continued pass-through funding for domestic family abuse, sexual assault, and children's crisis shelters; legal aid services; and the Justice Reinvestment Initiative Grant (Safe Oklahoma Grant) program.

How would the agency handle a 2% appropriation reduction in FY '24?

Federal Government Impact

1.) How much federal money received by the agency is tied to a mandate by the Federal Government?
All federal money is tied to mandates.
2.) Are any of those funds inadequate to pay for the federal mandate?
The Medicaid Fraud Control Act and the Family Violence Prevention Service Act require a pre-determined match level.
3.) What would the consequences be of ending all of the federal funded programs for your agency?
Funding for the 32 State domestic violence, sexual assault, human trafficking, and children's services shelters would be reduced by approximately 30%. Funding for the Attorney General's Medicaid Fraud Control Unit would be reduced by approximately 75% which would also reduce the number of cases investigated, the total of recovered funds, and the distribution made to the general fund.
4.) How will your agency be affected by federal budget cuts in the coming fiscal year?
Nothing has been reported at this time.
5.) Has the agency requested any additional federal earmarks or increases?
Not at this time.
