

**FY 2027 Budget Performance Review  
292 Department of Environmental Quality**

Version Original  
Lead Administrator: Rob Singletary

Date submitted 9/30/2025  
Lead Financial Officer: Sidonie Quick

**Agency Mission**

Our Mission and Our True North: to protect and improve public health and the environment in a manner that supports and advances a prosperous Oklahoma for current and future generations.

**Division and Program Descriptions**

*Note: Please define any acronyms used in program descriptions.*

**Administrative Services Division (ASD)**

Overall agency policy and administration. DEQ Administrative Staff, Executive Director's Office, Office of Communications, Education, Continuous Improvement, and Permit Assistance & Public Outreach interact with multiple federal agencies to make Oklahoma DEQ a voice and a leader within the US.

**State Environmental Laboratory Services Division (SELSD)**

The State Environmental Laboratory Services Division (SELSD) is responsible for providing customer assistance, analytical services, and laboratory accreditation, and is designated by EPA as the Principal State Laboratory (PSL) for Oklahoma. Providing Analytical Expertise, Technical Assistance and Outreach to assist in protecting, preservation, and restoration of Oklahoma's Air, Land and Water. SELSD's organic and inorganic chemistry laboratories provide analytical support to the various programs within DEQ, to other state agencies, and to public water supply systems of the state. The Laboratory Accreditation Unit operates an accreditation program for in-state and out-of-state environmental laboratories.

**Environmental Complaints and Local Services Division (ECLSD)**

The Environmental Complaints and Local Services (ECLS) Division is responsible for resolving environmental complaints from the citizens of Oklahoma. Complaints are received in the 21 field offices by the environmental complaints hotline that is answered 24 hours per day seven days per week. Local Services that assist in responding to Natural Disasters; Environmental Emergencies and Citizen Complaints.

**Air Quality Division (AQD)**

The Air Quality Division (AQD) implements the state and federal Clean Air Acts. This includes compliance, enforcement, emissions inventory, quality assurance, air monitoring, data analysis, permitting and toxics programs.

**Water Quality Division (WQD)**

WQD operates programs for public water supplies, source water protection, sludge disposal, and municipal and industrial water pollution control. These programs include review of plans and specs, permitting, tracking, compliance, enforcement, water quality planning, training and certification, and complaint resolution activities. WQD provides licensing and regulation of municipal water and wastewater operators.

**Land Protection Division (LPD)**

The Land Protection Division (LPD) provides solid and hazardous waste planning and permitting, investigation, technical assistance, cleanup, enforcement, facility design, and groundwater protection services, including underground injection control (UIC). LPD also regulates the use of certain types of atomic energy and other sources of ionizing and non-ionizing radiation.

**PREP Funds for Arkansas River**

Funds provided to Tulsa County for upgrades to the levees along the Arkansas River and feeder waterways in Northeast Oklahoma.

**Rural Infrastructure Grants (RIG)**

Rural Water Infrastructure Grant funding appropriated under SB 1040 is to support rural water infrastructure initiatives. The Oklahoma Rural Infrastructure Grant (RIG) program helps rural and small municipal water and wastewater systems become sustainable and improve infrastructure, with up to \$100,000 in funding per project. The program will fund 80 percent of the project cost. The other 20 percent must be matched by the system either through dollars or in-kind contributions.

**PREP Funds for Guymon**

Funds provided to the City of Guymon for upgrades to Guymon Water District.

**Sec of Energy and Environment \***

The Office of the Secretary of Energy and Environment (OSEE) coordinates and makes application on behalf of various state environmental agencies for U.S. EPA Clean Water Act funds, and disburses such funds to state environmental agencies based upon statutory duties and responsibilities.

**Information Technology (IT) - 88**

In FY2013, due to implementing HB 1304, agencies had to set their budget structures with separate divisions for Information Technology (IT) functions. IT consists of the agency's postal meters, telephone charges, IT agreements with OMES and anything else that reasonably falls within the guidelines set forth in HB 1304.

**FY'26 Budgeted Department Funding By Source**

Dept. #	Department Name	Appropriations	Federal	Revolving	Local <sup>1</sup>	Other <sup>2</sup>	Total
11	Administrative Services		\$473,130	\$16,356,411			\$16,829,541
21	State Environmental Lab Services	\$3,143,043	\$1,905,104	\$2,168,527			\$7,216,674
30	Environmental Complaints and Local Services	\$3,669,177	\$1,231,185	\$5,004,525			\$9,904,887
50	Air Quality		\$18,322,392	\$8,805,747			\$27,128,139
55	Water Quality	\$4,635,456	\$6,079,745	\$7,358,340			\$18,073,541
61	Land Protection		\$12,347,314	\$9,941,586			\$22,288,900
62	PREP Funds for Tulsa Levee						
65	Rural Infrastructure	\$10,000,000					\$10,000,000
68	PREP Funds for Guymon						
88	Information Technology		\$803,783	\$9,077,100			\$9,880,883
70	Sec of Energy and Environment *		\$7,446,717				\$7,446,717
<b>Total</b>		<b>\$21,447,676</b>	<b>\$48,609,370</b>	<b>\$58,712,236</b>	<b>\$0</b>	<b>\$0</b>	<b>\$128,769,282</b>

1. Please describe source of Local funding not included in other categories:

2. Please describe source(s) and % of total of "Other" funding if applicable for each department:

**Balances of Appropriated Funds from Prior Fiscal Years**

3-digit Class Fund #	Class Fund Name	GA Bill # and Section #	Fiscal Year of Original Appropriation	Original Appropriation Amount (\$)	Total Expended Amount as of 8/31/2025 (\$)	Balance as of 8/31/2025 (\$)
193	19302 Appropriated Funds(allocated for Garage)		2023	\$16,000,000	\$1,775,082	\$14,224,918
194	Appropriated Funds(with \$10,000,000 for RIG)		2024	\$20,427,427	\$19,174,470	\$1,252,957
195	Appropriated Funds(with \$10,000,000 for RIG)		2025	\$21,204,715	\$10,750,392	\$10,454,323
386	PREP Funds		2025	\$70,000,000	\$527,727	\$69,472,273
<b>Total remaining prior year appropriation balance:</b>						<b>\$95,404,471</b>

Report appropriations that have existing balances from all prior fiscal years at the 3-digit class fund number (i.e. 194, 195). Do not report carryover class funds separately.

Include appropriations located in disbursing funds. Report PREP, but not ARPA/SRF, appropriations.

What changes did the agency make between FY'25 and FY'26?
<p>1.) Are there any services no longer provided because of budget cuts? No programs or major services were eliminated.</p> <p>2.) What services are provided at a higher cost to the user? No services were provided at a higher cost to customers.</p> <p>3.) What services are still provided but with a slower response rate? No services were provided with a slower response rate.</p> <p>4.) Did the agency provide any pay raises that were not legislatively/statutorily required? DEQ has sought approval for a 3% pay for performance raise to potentially be effective in December 2025 - January 2026.</p>

Appropriation Increase Review

FY'27 Top Five Incremental Appropriated Funding Increase Requests				
Request by Priority	Request Description	Is this a Supplemental Request? (Yes/No)	Timeframe (One-Time or Recurring)	Appropriation Request Increase Amount (\$)
Request 1:	NONE			\$0
Top Five Request Subtotal:				\$0
Total Increase above FY-26 Budget (including all requests)				\$0
Difference between Top Five requests and total requests:				\$0
* Capital requests in the table above should be listed in the next table.				

What are the agency's top 2-3 capital or technology (one-time) requests, if applicable?			
Description of requested increase in order of priority	Total Project Cost (\$)	Needed State Funding for Project (\$)	Submitted to LRCPC? (Yes/No)
Priority 1 Fire Suppression System Update		\$400,000	Yes
Priority 2 New Heat Exchanger		\$250,000	Yes
Priority 3 State Environmental Lab HVAC and Infrastructure Replacement and Repair		\$520,000	Yes

Does the agency have any costs associated with the Pathfinder retirement system and federal employees? If so, please describe the impact.
Yes, but it does not only affect federally funded employees; Pathfinder has the ability to jeopardize DEQ's funding sources. DEQ receives Federal grants and has an Indirect Cost Proposal that states that DEQ will, according to federal guidelines, account for similar types of costs in a consistent manner which means that the costs are unallowable for all billable sources for DEQ and not just unallowable for * Include the total number of federally funded FTE in the Pathfinder system. 175 employees are currently in Pathfinder

How would the agency be affected by receiving the same appropriation for FY '27 as was received in FY '26? (Flat / 0% change)		
If there are no changes to the FY2027 General Appropriation (GR), the agency would still have to make programmatic changes to fund the increases that occur in doing business from year to year, which		
How would the agency handle a 2% appropriation reduction in FY '27?		
A reduction of 2% to the FY2027 General Appropriation (GR) would equal \$428,953. DEQ's state-appropriated money principally funds personnel, specifically in these areas: drinking water program,		
Is the agency seeking any fee increases for FY '27?		
Description of requested increase in order of priority	Fee Increase Request (\$)	Statutory change required? (Yes/No)
Increase 1 Annual CPI increase are built in to many of our rates.	no	no

Federal Government Impact	
<b>1.) How much federal money received by the agency is tied to a mandate by the Federal Government?</b>	
Majority of DEQ's federal funds are tied to federally delegated programs. While federal law does not mandate that DEQ administer them, the regulated community prefers that DEQ run those programs in lieu of the federal government.	
<b>2.) Are any of those funds inadequate to pay for the federal mandate?</b>	
See above. Federal mandates primarily affect local governments and businesses that pay fees to make up the difference between federal funding and the cost to implement federal programs in lieu of the federal government. When the U.S. EPA implements programs directly there are typically problems created which unnecessarily increase costs, create confusion, and create inefficiencies.	
<b>3.) What would the consequences be of ending all of the federal funded programs for your agency?</b>	
EPA would become the environmental regulator for the State of Oklahoma, resulting in higher costs to citizens and businesses.	
<b>4.) How will your agency be affected by federal budget cuts in the coming fiscal year?</b>	
DEQ is not anticipating federal budget cuts but each federal year brings changes, especially during an election time. Federal awards for DEQ are not guaranteed but historically have continued at stabilized amounts.	
<b>5.) Has the agency requested any additional federal earmarks or increases?</b>	
SELS has requested additional funds to purchase instrumentation required to perform new tests but these funds may just be one-time. As opportunities come up DEQ does apply for federal funding that may be available for projects. For example, if the federal government offers infrastructure or redevelopment funding in programs that fall under DEQ jurisdiction we will apply for such funding. In some
