	Division and Program Descriptions
Administratio	OMPA does not run programs for the general public, however, below is a general description of the activities undertaken by each department.
	General administration of the Authority.
Engineering	
	Engineering services for the Authority such as; electrical substation and transmission design, coordination with the Southwest Power Pool, support for the Authority's power generation facilities, assistance to member cities, NERC compliance, power outage support, and many other areas.
Financial Ser	vices
	This group consists of Accounting and Finance. This group provides general accounting functions, financial reporting, investment services, and natural gas purchasing for the Authority's gas generation fleet.
Member Serv	vices
	This group provides support to the Authority's member cities in several ways. The employees in this group travel extensively visiting member cities and reporting to City Council's on the Authority's activities.
Operations	
-	The Operations group provides power scheduling to meet the electrical demand of the Authority's member cities on a 24x7 basis. This includes hourly forecasting and scheduling of an extensive fleet of power resources. This also includes power trading functions as well. This group must also comply with a significant amount of FERC and NERC requirements.
Generation	
	This group staff's the Authority's owned and operated power generation facilities located in Ponca City. This includes the Kaw hydro-electric plant. This personnel includes local management, plant operators, I&C technicians, maintenance personnel, water chemists, and other support personnel.

Performance Measure Review								
	FY12	FY'11	FY'10	FY'09	FY'08			
Administration								
The OMPA Board of Directors	set the Authority's a	nnual operating bud	dget and its perform	nance goals. These	goals are			
measurable and generally apply to reducing risk, providing services, or reducing costs. They can, and will, vary from year-								
vear.								
-
