FY'15 Top Five Appropriation Funding Requests				
	\$ Amount			
1 20i Auditing Attorney	\$150,000			
2 Office of Civil Rights	\$320,000			
3 Tobacco Settlement Compliance	\$500,000			
4 Victim Information Notification Everyday (VINE)	\$713,000			
5 Safe Oklahoma Grant (Pass-through)	\$2,000,000			
Total	\$3,683,000			

How would the agency handle a 3% appropriation reduction in FY'15?

Any reduction in appropriation would place additional demand on already stressed revolving funds, due to uncertainty of replenishment. Any vacant positions would not be filled, charges for services would be increased, our state agency and government clients might choose to outsource legal advice where possible, domestic violence shelter funding and services would be at risk, and OAG core services would suffer.

How would the agency handle a 5% appropriation reduction in FY'15?

Any reduction would reflect in additional demand being placed on revolving funds, which are under stress due to uncertainty of replenishment. Any vacant positions would not be filled, charges for services would be increased, our state agency and government clients might choose to outsource legal advice where possible, domestic violence shelter funding and services would decrease, and OAG core services will suffer.

Is the agency seeking any fee increases for FY'15?

Federal Government Impact

1.) How much federal money received by the agency is tied to a mandate by the Federal Government?

All Federal money is tied to Federal mandates (Victims Assistance, Medicaid Fraud and VINE.)

2.) Are any of those funds inadequate to pay for the federal mandate?

Yes

3.) What would the consequences be of ending all of the federal funded programs for your agency?

Both the Medicaid Fraud Control Unit and the Victims Services program are required by Federal and State law. The loss of Federal dollars in the Medicaid Fraud Control Unit would also impact state revenues, as Federal funds match state appropriations 3 to 1. In the area of domestic violence, shelters across the state would suffer as well as services to domestic violence victims.

4.) How will your agency be affected by federal budget cuts in the coming fiscal year?

We are unaware of any Federal budget cuts relating to our services. However, if federal funds were reduced, services would be cut to combat Medicaid fraud. Because the Medicaid Fraud unit also recovers large amounts of resitition, a cut in this unit would also impact the Oklahoma Healthcare Authority. Additionally, budget cuts would result in reduced services to domestic violence victims.

5.) Has the agency requested any additional federal earmarks or increases?

No - Earmarks

Yes - Victims Services applies for Federal grants as they are offered. Medicaid Fraud generally requests additional Federal funds as that Unit's costs increase.
