FY'15 Top Five Appropriation Funding Requests

Due to improved efficiency in operations, the funding available for administration of the unclaimed property program has exceeded operational costs. During the 2013 legislative session, the Treasurer identified \$2.5 million that could be transferred from the Unclaimed Property Administrative Revolving Fund to the Legislature for appropriation. However, language to transfer the funds was inadvertently omitted from last session's General Appropriations bill. During the budget request process for FY2015, an additional \$2 million has been identified for a total of \$4.5 million that would be available to the Legislature for appropriation from this fund.
