What are the agency's top 2-3 capital or technology (one-time) requests, if applicable?

Reconstruction of the Oklahoma City and Tulsa buildings. The OKC building is in progress through the Commissioner of the Land. However, the appropriations must be increased to pay for the rent and operations. Additionally, the Tulsa building must be reconstructed in order to regain our national accreditation.

Federal Government Impact

Coverdale Grant \$43,128.67
Victims of Crime Act \$6,692.27

2.) Are any of those funds inadequate to pay for the federal mandate?

No, the agency must supplement

3.) What would the consequences be of ending all of the federal funded programs for your agency?

Laboratory and family services reduced and/or discontinued. More appropriations would be required to maintain mandatory continuing education for laboratory professionals.

4.) How will your agency be affected by federal budget cuts in the coming fiscal year?

More appropriations would be required to maintain mandatory continuing education for laboratory professionals. We are not a revenue generating agency. We would have to have additional appropriations. Eventually, our laboratory would lose accreditation due to mandatory continuing education.

5.) Has the agency requested any additional federal earmarks or increases?

Yes, additional increases are being requested.
